ESPAÑOL

RED WINES

“Wines from different winegrowers, from projects that revitalize the Spanish countryside, from young people who return after traveling around the world; from not so young, but with the same enthusiasm of their first harvest”

JF ARRIEZU 22

Bodega Arriezu. Rioja. A wine for everyday. Eco, biodynamic and vegan. It came from what used to be said “from the house”. Rich, fresh, light as life itself. Half Tempranillo and half Garnacha and, in addition to having awards, it has a lot of passion behind it. This project is from José Félix, a farmer and winemaker who is called by all the wineries because he has a unique gift: the knowledge to make grafts on vines, and come out well.

ALOXIA NATURAL 24

Bodegas Oxuel. Rioja Montañosa. Wine from the Riojan mountains made by Miguel, a 33-year-old who has recovered that traditional way of making wine. Together with his mother and father, they make wines with grapes with names like Maturana, which only existed before, in vineyards from 1925. They have 39 small plots and press everything by hand. If you can, take a look at their website and you will fall in love (ojuelwine.com). The wine is fresh, light, the kind you drink and drink and don't stop drinking

O DE SÍNODO 28

Bodega Sínodo Vitivinícola. Rioja. A wine that goes further. Three friends who studied Oenology get together to follow a different path: to make wine and recover old vineyards. Synod in Greek means path. Every time we have drunk this wine we have reaffirmed ourselves on the path of betting on these wines that take you to different places

PEÑA LA ROSA 22

Bodega Fernández Eguíluz. Rioja. Two brothers, Pilar and Julián, with 13 hectares of vineyards who make carbonic maceration wine, which means that they do it with the whole cluster, not just the grapes. Before making their own wines, they sold their grapes to Muga. And if Muga bought them, it will be for something

SER VIVO Y NATURAL 25

Páramo Arroyo. Ribera del Duero sin sulfitos. A wine without sulphites. They have been organic since the year 2000 and were always pioneers in everything. Lina, Fernando and Alejandro manage the vineyard and the winery. Eating some chops, doing the harvest with them, unloading, selecting the grapes and drinking by their side makes you understand why Vega Sicilia used to buy the grapes from them. His father founded the D.O. Ribera del Duero to achieve better conditions

MAZAS ROBLE 25

Bodegas Mazas. Toro. Red from Toro and Grenache. The one that has spent four months in the barrel, the Torol that does not look like a Toro, smooth and very elegant. It has just received the Best in Show award at the Decanter World Wine Awards

CUZCURRITA RESERVA 28

Bodega Castillo de Cuzcurrita. Rioja. A 15th century castle in the middle of La Rioja with a championship winemaker Ana Martín, an ecological vineyard to take off your hat but most importantly, a wine that you can drink at any time

PAAL 100% SYRAH 26

Bodegas Caudalía. Navarra. You will want to take this bottle home as a souvenir because how beautiful it is and that name with two A's. It is 100% Syrah grape, the grape that everyone who tastes it for the first time falls in love with. This project by Iván and Raquel in the low mountains of Navarra hooks like life itself. For that knowledge of having worked all over the world, learning, and having returned to its origins to make this wine fermented and stored in concrete tanks for 18 months in the cool of the cellar

WHITE WINES

VERDEJO ARRIEZU 22

Bodega Arriezu. Rueda. There cannot be a bar without Verdejo, say those from Castilla. This wine from José Felix has a trick, they are from vineyards before phylloxera and that is why they are strong. When you smell this organic wine, the smell of apple jumps out at you and grabs you like there's no tomorrow. When we drink this Verdejo, we understand what those from Castilla say

CASONA MICAELA 25

Bodega Casona Micaela. Costa de Cantabria. The white wine that is later harvested in Spain because the vineyard faces north and because it is 700 m high. This explosive mix of Riesling and Albariño has been hooking us for 12 years. And let the streak continue

ENXEBRE 24

Bodega Condes de Albarci. Rías Baixas. It talks about the history of Galicia and Cambados, and about the dreams of some tiny farmers who came together 30 years ago. They only make 60,000 bottles with ripe grapes from old vines by the sea. The salt feels like the breeze on the shore. The strength of the small Galician viticulturist together with the technique of the master winemaker, Pepe Hidalgo, is felt in every sip

YENDA GODELLO 25

Bodega Sel D'Aiz. Costa de Cantabria. 5 hectares at 500 m of altitude in the Valles Pasiegos on slopes facing south could only result in an aroma of ripe fruit and that bright golden yellow color. Asier and Miriam combine traditional know-how with technological innovation

SACABEIRA 29

Bodega Iria Otero. Rias Baixas. Iria Otero produces wines of small productions from old vineyards and local castes, from her native Galicia. Its premise is to make wines with soul and without haste; They are a reflection of the environment. Sacabeira is that summer salamander that comes out to sunbathe by the sea

TAPAFUGAS 25

Bodegas Marañones. Madrid. A tribute to Tapafugas, an unrepeatable friend of the winemaker. A claret that comes alone with grapes from San Martín de Valdeiglesias

PINK WINE

UMEA ROSADO 22

Bodegas Caudalía. Vino de Navarra. A Grenache from the bleeding ones, the ones that give the good rosé. a storage bottle

NAVARDIA 22

Bodegas Bagordi. Vino de Navarra. An ecological rosé that creates true fans. Whoever tries it, leaves the white and the red for a while. The year 1723 sounds far away, right? Well, there are documents that the Carcar family had vineyards at that time. The wine flows for 14 generations of this resistant clan

CAVA

BISILA BRUT NATURE 25

Bodega Bisila. Fernando Martínez Relanzón, European Golden Nose, who shows that there is more cava than Catalan

WINES BY THE GLASS

EVERY DAY WE OPEN ONE OR TWO WINES BY THE GLASS, THEY ARE ALWAYS DELICIOUS WINES, THEY ARE ALWAYS FROM THE HOUSE. WE DO IT SO THEY ARE RECENT AND IN PERFECT CONDITION. SO THAT ALL THE AROMAS AND THE EFFORT OF THE VITICULTURER ARE PERCEIVED

SIDRA

SOMARROZA 14

The Somarroza winery began making cider for its own consumption in 2010. The production process, from picking the apple to final bottling, is done according to the technique passed down from generation to generation
